# *Model Identification*

For the 2014-15 season, we have again used the Model ID and Replacement Guide as a supplement to our Dealer Price List. Please note that the Model ID and Replacement Guide includes the following information: Group name, group prefix number, picture, model number, replacement number, dimensions and the dates in which the original models were sold.

The Model ID and Replacement Guide is in order by sling type and then alphabetical by collection. The original cushion style may no longer be available, interchangeable replacement options will be listed if there are any available.

If you have any questions regarding the use of this handbook, please feel free to contact us, or your Homecrest Sales Representative.
