WHAT MAKES PROVIA® PROFESSIONAL-CLASS?

TAILORED JUST FOR YOUR HOME

Nothing feels quite as good as well-tailored clothing, created specifically to your size, shape and style preference. Off-the-rack clothing just doesn't fit everyone's measurements. Similarly, off-the-rack doors fall short of expectations in the same way. The materials and workmanship that goes into custom-made doors are of exceptional quality and durability, and far exceeds what is available as ready-made. Unlike consumer-grade doors, which are cut down to fit your need, professional-class doors are built to your exact measurements for a better fit and a more secure and energy efficient door.

Entry systems tailored for you - that's **THE PROFESSIONAL WAY.**

HIGHEST STANDARDS

ProVia is committed to making doors individually customized for homeowners to the highest standards of durability, security and energy efficiency in the residential market. A clear difference so defining that it has established a new category of professional-class doors, a better alternative to consumer-grade doors.

SECURITY

We focus on the strength and security of every door so you can focus on what's really important - your life.

DURABILITY

Made with the finest materials and backed by our Lifetime Limited Transferable Warranty, our durability can't be beat.

BEAUTY

A beautiful ProVia entry system will always greet your guests with classic elegance and style.

ENERGY EFFICIENCY

Engineered to keep the elements at bay and your home comfortable all year long.

**PROVIA BUILDS DOORS
THE PROFESSIONAL WAY**

ProVia has developed a competitive position by catering to a niche within the door market that demands a high degree of customization coupled with outstanding quality. Our company defines the products that meet this demand as “professional-class.” We have found success by adhering to a set of core values that guide us as we develop rewarding, long-term relationships with our employees, customers and homeowners.

— WE SERVE, BY CARING FOR —
DETAILS
IN WAYS OTHERS WON'T

IT HAS LED US TO
EXACTING STANDARDS

If you ask around, you'll find attention to detail is what our customers have come to appreciate and expect from the ProVia brand. Our company is family-owned and faith-based with an intense focus on producing Professional-Class products. ProVia feels so strongly about the performance and workmanship of our entry system—built by skilled craftspeople with state-of-the-art manufacturing processes—that it's backed with a Lifetime Limited Warranty. The warranty is even transferable to one subsequent owner. You can visit our website provia.com for details. We're building your doors and our company to last a lifetime - that's **THE PROFESSIONAL WAY.**

ENVIRONMENTAL STEWARDSHIP

A young child with dark hair, wearing a bright green t-shirt and blue sleeves, is holding a small tree sapling with both hands. The child is looking down at the tree with a gentle expression. The background is a soft-focus green field.

Your education. . .
...is our
future

ENERGY STAR®

ProVia's ENERGY STAR certified doors and windows are independently tested and certified to meet strict energy-efficiency standards set by the Environmental Protection Agency (EPA). The EPA has awarded ProVia® ten times, four for Partner of the Year, four for Partner of the Year – Sustained Excellence, and once for Excellence in Promotion. Most recently, ProVia was awarded ENERGY STAR Partner of the Year - Sustained Excellence for Door and Window Manufacturing.

Most of our Entry Systems are ENERGY STAR certified.

At ProVia, not only do we manufacture energy efficient products, but we also exercise corporate environmental stewardship. Here are a few examples:

- We recycle paper, metals and glass.
- Solar energy panels are being used at three production facilities as part of the company's effort to lower energy costs.
- Our Pollution Prevention Program dramatically reduced solvent usage.
- To save fuel, our trucks use the TriPac™ Idle Reduction and Temperature Management System.
- Paperless online ordering and internal paperless fax system reduces paper usage.

For more information, visit the Environmental Stewardship section of our website at: provia.com/energy-star

STANDING UP TO THE ELEMENTS

CERTIFIED WIND LOAD PRODUCTS

Most products in this catalog meet or exceed testing standards required by the Florida Building Code. Products that were NOT tested for Certified Wind Load regions are noted throughout this catalog in **gold colored type**.

IMPACT SHIELD
PRODUCTS

Impact Shield Products are designed to protect your family and home against the harshest storms and help deter burglaries. Impact Shield products feature laminated glass and can withstand repeated blows from wind-borne debris or unwanted intruders and are indicated throughout this catalog with the blue shield icon and **blue colored type**. See Impact Shield section on pgs 150-167 for information and available styles.

We're constantly testing new Certified Wind Load and Impact Shield products.

For the latest information visit: provia.com/certification

How does **YOUR HOME'S STYLE** determine **YOUR CHOICE** of a new entryway?

Your home has its own style and every component works in harmony to create that style. Choosing a door and door glass that fits your needs, as well as your style, is important. We make it easy for you to make the choice that's right for you. When you combine your preferred door style, door glass, paint or stain finish, plus hardware and accessories, the end result is a customized entryway that reflects your personalized style.

Photographs have been provided to offer ideas on how ProVia® doors can be incorporated onto a variety of home styles. We understand your personal style will be a major factor in determining which door and glass is right for you, so please browse through the entire catalog to find a style that best fits your needs.

Visit the App Store to download your free app today!

THE COMPONENTS

The components are the small things that set our doors apart from the competition. A lot of small things add up to a big difference.

A

Our **stains and glazed finishes** are hand-applied by **professionals**, then oven-cured for maximum beauty and durability. **State-of-the-art electrostatic paint application** ensures a beautiful even coat.

SHERWIN WILLIAMS

You can have your **Entry System painted or stained in any custom color.** (Additional lead-time required. Custom stains only available on Signet Fiberglass doors.)

B

We offer **hardware from Trilennium®, Hoppe®, Emtex®, Brinks® and Schlage®** that provide some of the most stylish, durable hardware available today.

C

Our **polyurethane core** reduces energy loss.

FRAME OPTIONS

NEW
FrameSaver®
POWERED BY ENDURA

Real World Frame Issues

Shrinking and swelling occur from changes in relative humidity in the atmosphere. **Water wicks** up through wood fibers resulting in **paint peeling, rot and mold.** Traditional door frames begin to rot within 3-6 months of field installation.

FrameSaver® Advantages

Our **finger-jointed composite bottom** never absorbs water, warps, cracks or rots, and paints and finishes just like wood. Plus, FrameSaver is backed by the industry's only **fully-transferable lifetime limited warranty** for ultimate peace of mind.

D

New FrameSaver™ wood frame and brickmold with finger-jointed composite bottom prevents water absorption and carries a Lifetime Limited Warranty when used with **PVC vinyl coated aluminum frame cladding** outside. **Also available with smooth cladding.** See pg. 119.

Steel L-Frame

Available on select Signet and Legacy door styles

- Aluminum door stop provides greater security and is more durable than wood.
- Energy efficient weatherstripping.
- 18-gauge steel L-frame with a 12-gauge hinge plate welded on for extra strength and security.

(NOT tested for Certified Wind Load or Impact Shield regions)

Not all Steel L-Frames are ENERGY STAR® certified. Visit ProVia®'s website for manufacturer's certification statement.

Our **PermaTech™ Composite door frame system** option combines all the strength and convenience of wood with enhanced properties that make it moisture and insect resistant. PermaTech will not absorb or wick moisture and will never rot or splinter, and is covered by a Lifetime Limited Warranty.*

* No storm door applied. See full warranty for limitations
† See price list for available styles.

THE COMPONENTS

(CONTINUED)

440TAC-2P, 140TAC

Your home is unique and deserves to have **custom glass options** like our Comfortech™ Warm Edge Glazing Systems which include decorative glass, Inspirations™ art glass, internal blinds and internal and external grids in many grid patterns and colors.

 Impact Shield doors feature laminated glass.

Our **2½" casing** conveniently covers paint lines providing a professional installation. **Also available in 3½"**. Choose from Cherry, Mahogany, Oak and Poplar. **New Flat Fir and Poplar trim are available in paint, stain and glazed finishes.**

Three **heavy-duty ball bearing hinges** come standard with every entry system.

Additional 4th hinge option for greater durability. (only available with Full Wood Frame)

 Impact Shield doors have heavy-duty stainless steel hinges.

The energy efficient **weatherstripping** runs along the top and sides of the door and interlocks with the **CornerShield™** for the most efficient seal you'll find for keeping moisture, wind and dirt out of your home.

High-performance, heat-resistant window trim is warranted not to warp, crack or pull away from the door, even in sunny or higher temperature applications. **Plugless window trim** (Patent Pending) is standard on Embarq® and Signet® (N/A on Fir Series) and optional for Heritage™† and Legacy™†.

1. Smooth (standard on select Signet Smooth doors and sidelites, optional on select Heritage Smooth and Legacy Smooth doors and sidelites) **2.** Embarq and Signet Cherry and Mahogany **3.** Embarq and Signet Oak and Knotty Alder **4.** Signet Fir **5.** Heritage and Legacy **6.** Modern Flat Trim (only available on models 112, 114, 115, 116 and 160 sidelites)

 Impact Shield doors have aluminum window trim.

Our exclusive **Sahara™ heavy-duty extruded threshold** has a wide thermal barrier wood-look riser that will not warp or rot while providing excellent energy efficiency. On entry systems with sidelites, our continuous threshold improves structural integrity and helps prevent rotting. Available in Mill finish, Anodized Nickel or Anodized Bronze finishes.

 Thresholds for Impact Shield rated Heritage Fiberglass and Hinged Patio Doors have an oak-like riser and do not have composite base material

We include our **20-gauge security plate** for extra strength and to help prevent kick-ins.

We include a **solid brass fully adjustable strike plate** of our own exclusive design. This unique 2-piece construction makes our doors easier to custom fit.

The **dust box** in the deadbolt strike provides a barrier to air infiltration while providing a nice appearance that most other door manufacturers don't provide.

Bulb and blade sweep virtually eliminates drafts, keeping your home comfortable.

EMBARQ® FIBERGLASS

ProVia® Earns Crystal Achievement Award for **Most Innovative Door** from *Window & Door Magazine*

Crystal Achievement Awards recognize significant innovations and achievements in window and door technology, manufacturing and marketing.

"Every aspect of the ProVia [Embarq] fiberglass door makes it a winner."

- Crystal Achievement Award Judge

EMBARQ SERIES

A NEW WAY OF THINKING

We set out on a journey to develop a new door and it expanded into a complete philosophy of creating unrivaled efficiency in home building products. We call this new way of thinking "EnVision," and are proud to introduce its first creation: **Embarq** – the doorway to innovation and efficiency.

10-YEAR FINISH WARRANTY*

See pgs. 94-95 for paint and stain finishes

SIDELITES

- ⌘ Signet® Cherry Series
- Signet® Mahogany Series
- + Signet® Oak Series
- Signet® Knotty Alder Series

* Warranty time period may be limited in extreme applications. See warranty for details.

Stiles and rails are dovetailed and glued at each corner creating a structurally solid, integrated frame.

To enhance efficiency and accommodate more insulation, we thickened the door and sidelites from the standard 1 3/4" to 2 1/2" which is **43% thicker** than standard exterior doors. We also engineered a **dual perimeter seal** for the entry door to create a superior barrier against drafts and energy leaks.

We engineered a channel in the side rails and header of the door to allow for a **larger energy efficient polyurethane core**. Our computer-controlled process fills every crevice with the foam barrier material resulting in **a level of energy efficiency unparalleled in the industry**.

We started from the inside out to maximize energy savings and reduce thermal loss, resulting in the most energy efficient door in the U.S. market. In fact, this door offers at least **4-times more insulating value than a typical wood door** giving an unprecedented U-Factor of 0.09 - the lowest recorded heat conduction measurement for entry doors in the U.S.

Door edge is constructed with cherry, mahogany or oak wood matching the selected series.

The **4 1/4" finger-jointed 4-ply hardwood strike stile** provides a solid mounting surface for Emttek® hardware and superior structural integrity.

The **authentic wood look** is made possible by using cutting-edge **NVD** (Nickel Vapor Deposition) technology by MasterGrain™.

Scientifically formulated compounds provide superior resistance to denting, splitting, cracking and warping.

The revolutionary **DuraFuse™ Finishing System featuring P³ Fusion** yields unprecedented finish durability.

Our exclusive **Bronze Sahara™ heavy-duty extruded threshold** has a **2 3/8" wide thermal barrier** wood-look riser that will not warp or rot while providing excellent energy efficiency. Also available in Anodized Nickel or Mill finish.

We **custom designed a sweep** to accommodate the Embarq door's added thickness. This creates a new breed of thermal barrier to keep out unwanted elements and uncomfortable temperatures.

QUAD GLASS SYSTEM

Our EnVision™ innovation and technology has created a revolutionary new design utilizing a Quad Glass System. This glass system is only available for Embarq fiberglass doors and sidelites and utilizes the most energy efficient glass package available on the market today. This high performance glass system provides an optimal energy efficiency rating.

- A** Low-E Glass Surface
- B** Krypton Filled Air Space
- C** Decorative Glass Core
- D** Super Spacer®
- E** Tri-Seal Spacer
- F** We re-engineered our ComforTech™ Warm Edge Glazing System to accommodate for the extra panes of glass in this highly efficient package.

SIGNET® FIBERGLASS

SIGNET SERIES

Signet Fiberglass doors are available in Cherry, Mahogany, Oak, Fir, Knotty Alder and Smooth Series. Structurally, the Signet door is far superior to traditional fiberglass doors with robust hardwood stiles and rails dovetailed at each corner. All Signet Fiberglass doors exhibit our exclusive DuraFuse™ Finishing System featuring P³ Fusion, allowing us to offer an industry-best 10-year* finish warranty.

Most Signet Fiberglass Entry Systems are ENERGY STAR® Certified.

10-YEAR FINISH WARRANTY*
See pgs. 94-95 for paint and stain finishes

CUSTOMIZE BOTH SIDES

You can customize your entry by ordering a different series, style and finish on each side of your door.

CUSTOM WIDTHS & HEIGHTS

Need a little more height or a little less width? We offer customized door and sidelite widths and heights in 1/8" increments.

† Patent - USD621062

Composite top endcaps increase rigidity and energy efficiency.

Special adhesives/thermal barrier reduce heat and cold transfer, while our exclusive tab and slot system of **mechanical interlocks** gives the door exceptional structural strength.

ProVia doors are **foam filled by a computer driven process** that ensures the optimal foam fill for maximum energy efficiency and strength.

The edges and face skin of our steel doors are **one continuous piece of steel** for strength and durability.

To reinforce the lock and deadbolt area, we add a **rigid composite lock block** to all of our steel doors.

Plugless Window Trim is optional on Legacy Steel (see Price List for available styles)

Our 20-gauge steel doors give you **49% more galvanized steel** than a standard 24-gauge door.

Legacy steel entry systems come standard with an **anodized nickel threshold with a complementary riser.**

Composite bottom endcaps increase rigidity and energy efficiency.

COMFORTECH™

LIFETIME LIMITED WARRANTY
Includes Glass Breakage and Seal Failure

Measurably improve thermal performance with our ComforTech™ Warm Edge Glazing System. You'll enjoy better energy efficiency and a warmer glass edge.

COMFORTECH™ WARM EDGE GLAZING SYSTEM IS INCLUDED IN ALL:

- Decorative Glass (except for Tuscany)
- Inspirations™ Art Glass
- Privacy Glass
- Clear Glass
- Grids (Internal, External and SDL)
- Designer™ Patio Doors
- Vinyl Sliding Patio Doors
- Vinyl Windows

COMFORTECH™ ADVANTAGES

The NO-Metal Advantage

"Thermal efficiency through no presence of conductive metals" is the Super Spacer® hallmark.

Mylar 10-Layer Vapor Barrier

The Super Spacer® thermoset foam matrix is exceptional. Moisture is kept out, gas is kept in and conductivity is virtually nonexistent.

Withstands Normal Bowing

The design of our Warm Edge Glazing System stands up to the bending and bowing that is natural in any glass unit.

Enhanced Noise Reduction

Our all-foam formula's excellent sound-dampening properties reduce outside noise, even in industrial environments.

DECORATIVE GLASS

Highly-skilled craftsmen assemble hand-beveled glass accented with a variety of unique glass options by precisely cutting, mitering and soldering each component into artistically designed patterns. Art glass purposefully seeks visual character through aesthetic imperfections, while maintaining structural stability. These "imperfections" mimic the hand-made sheet glass of centuries past. They come in the form of textural waves and striations, random seeds (air bubbles) and a variety of other natural effects. Art glass achieves its personality through these apparent

flaws and no two sheets are ever identical. Each glass panel is hand-made and reflects minor differences from piece to piece. This is characteristic of any hand-made product and adds to the charm and beauty of the product.

We continually inspect for consistency. The patterns can vary in size and particular shapes, but pose no danger of spontaneous breakage or structural instability. Any patterns that are severely out of character with the glass are not accepted. Our goal is to provide the finest quality glass panels.

ALL* DECORATIVE GLASS:

1. Is a ProVia Exclusive

These decorative glass designs are only found on ProVia doors. This gives your entryway a unique style that can't be found anywhere else.

2. Includes our ComforTech™ Warm Edge Glazing System

Measurably improve thermal performance with our ComforTech™ Warm Edge Glazing System. You'll enjoy better energy efficiency and a warmer glass edge.

3. Is Impact Shield available

Impact Shield Products are designed to protect your family and home against the harshest storms and help deter burglaries. Impact Shield products feature laminated glass and can withstand repeated blows from wind-borne debris or unwanted intruders. See pages 144-149 for style availability.

4. Is Covered by a Lifetime Limited Warranty

Warranty includes glass breakage and seal failure.

* Does NOT include Tuscany glass

Each piece of glass is meticulously inspected for consistency.

ESSENCE

DECORATIVE GLASS

Essence features a bronze seedy glass combined with micro-granite that brings elegance to a whole new level.

TUSCANY

LAMINATED DECORATIVE GLASS

Tuscany features a unique lamination that holds shattered glass together, maintaining security beautifully.

HIGH PERFORMANCE BENEFITS

Remarkable beauty and security at a great price. 99% UV blockage prevents fading of carpets and furniture.

FORCED ENTRY DETERRENT

All glass can be shattered after continuous impact, but these laminated decorative designs are break-through resistant to deter burglaries.

INSPIRATIONS™ ART GLASS FEATURES

DESIGNS:

The process begins with conceptual design. Our twelve beautiful Inspirations Art Glass styles originated from the imagination of our in-house designers.

RESIN BEAD:

The design pattern is created on our computer software, and sent to a CNC machine which applies a resin bead to the surface of the glass in one of our four stylish colors.

COLOR FILL:

The color fill truly brings the glass to life. Five distinct color palettes are offered empowering you to perfectly reflect the personality of you and your home. Our craftsmen hand-apply this color fill to your glass.

OUR GUARANTEE:

The resin bead and color fill are backed by our Lifetime Limited Warranty, and will not fade, blister or peel away from the glass.

INSPIRATIONS™ ART GLASS

Inspirations Art Glass allows you to do just what the name suggests, let your doors and windows reflect the inspiration of your imagination with your choice of design and color.

LIFETIME LIMITED WARRANTY
Includes Glass Breakage & Seal Failure

TO SEE MORE INSPIRATIONS:

Ask to see our Inspirations Art Glass brochure for available styles and color palettes, or use our ProVia iPad app to create custom color palettes and design your dream door.

 All entry systems with Privacy Glass can be ENERGY STAR® Certified depending on the glazing system you choose. This chart indicates which glazing system is required for ENERGY STAR certification, as well as availability.

Door Styles	Glazing Systems			
	TLK	TLA	DLA	DC
HALF-LITE OR LARGER 460, 449, 440, 437, 430, 439, 240, 239, 230, 112, 114, 115, 116	●	●	●	●
SMALLER THAN HALF-LITE 420, 419, 400, 243, 110	●	●	●	●

● ENERGY STAR Certified
Refer to pg. 25 for Glazing Systems information

Since Low-E glass has a slight color tint, it is recommended that sidelites are ordered with the same glazing system as the door.

† For additional door panel styles see pg. 14 (for Embarq™), pg. 18 (for Signet®), pg. 20 (for Heritage™) or pg. 22 (for Legacy™)
 ○ Steel sidelites are made from 24-Gauge steel
 § Also available in 10" width.
 * Embarq doors and sidelites are not available in 8' heights
 ● Not tested for Certified Wind Load region
 ⊕ Cannot be mullied with Heritage Fiberglass doors in Certified Wind Load regions
 ◆ Only available with Modern Flat Window Trim. Only available with 770 sidelite(s) or 160 sidelite(s) with Modern Flat Window Trim.

Note - Privacy glass is available in Simulated Divided Lites (see pg. 81) and External Grids (see pg 85).

An innovative design results in stacked blinds that take up the smallest of space at the top of the door glass when fully opened. Privacy channels on each side of the door glass eliminate light gaps when the blinds are closed, including street-light shadows or sunlight glare. (Note: Operator is always located on the right-hand side.)

INTERNAL BLINDS

460BLR-IGP

Internal Blinds are constructed with sturdy white aluminum and enclosed in tempered safety glass. Easy to clean; no more dusting of blinds. Internal Blinds are suitable for entry doors, sidelites and patio doors and carry a 10-Year Warranty.

Additional Light Control - BLR styles can also be raised and lowered completely.

Internal Blinds also available with optional Low-E
 Note: 160BLD-IGT, 160BLD-IGP, 160BLD-IGC, and 160BLD cannot be raised and lowered

TRILENNIUM[®] MULTI-POINT

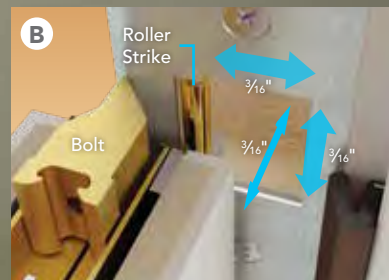

HARDWARE

The Trilennium Multi-Point locking system provides more than just security. It offers homeowners better door closure and sealing than a single point lock.

- Three 1" deadbolts latch with deadbolt throw
- Deadbolts include anti-saw hardened steel pin.
- A solid I-beam runs the full length of the lock, and increases the strength and precision of the lock.
- Latch and deadbolt release with a single downward movement.

Top and bottom latch design allows for door misalignment and $\frac{3}{16}$ " pull-in when deadbolted.

ECLIPSE (Not available in Black Finish)

Trilennium hardware is required on all 8' Signet® and Heritage™ fiberglass doors. Optional on all other fiberglass doors.

Also available on all 20-gauge Legacy steel doors.

NOT available on Steel L-Frames

Trilennium hardware has a 10-Year warranty on materials and workmanship.

Trilennium hardware is NOT available on French Doors in Certified Wind Load or Impact Shield regions.

PINNACLE (Not available in Black Finish)

Lifetime finish warranty time period is limited to five years if product is installed in an Impact Shield region.

NEW

HOPPE® MULTI-POINT

HARDWARE

Hoppe Multi-Point hardware offers the additional security of four points of latching when the door is locked, and the easy operation of one point of latching when the door is unlocked.

- Stainless Steel and other non-corrosive components.
- Anti-Back Drive prevents locking points from disengaging from the outside for added security.
- Latch Blocker on inactive systems will not allow multipoint activation until inactive system is activated.
- Lock Out Feature on interior system allows for multipoint activation from the exterior of the door by lifting handle.
- Backplate and cylinder housing are forged into one piece for improved appearance and easier installation.
- Simultaneous retraction feature enables all locking points to be retracted by pushing down on the inside handle.

MULTI-POINT LOCKING

(Lock body faceplate is only available in stainless steel)

A
Three Point Deadbolt lock is engaged by lifting handle upward

B
Handleset latch

TO LOCK:
Step 1: Turn thumbturn ¼ turn counterclockwise

Step 2: Lift handle upward

EMTEK[®] MORTISE

HARDWARE

EMTEK's Mortise hardware features the added advantages and options that come with push-button controls.

- Push-button passage controls
For more passage and locking options
- Heavy-duty Forged Brass Construction - *For long lasting beauty*
- Solid Brass Nose Bolts on Latches - *For dependable use*
- Lifetime Mechanical Warranty
Our guarantee of value
- Lifetime Anti-tarnish Finish
Warranty - Beauty for life

Push button passage controls provide added security and peace of mind. When the upper button is pressed in, the mortise lock is only accessible by using a key.

To activate the Passage Function, push in the lower button. This will allow you to access the thumb latch without a key.

Note: As long as the Passage Function is NOT engaged, the door will lock automatically when latched, and will not allow entry without a key.

Century Trim

(Only available in Satin Nickel finish)

Introducing Nexia™ Home Intelligence. Now, no matter where you go, the front door is within reach. That's because Nexia Home Intelligence is more than a lockset. It's a brilliant new way to enhance your home's security, and your family's peace of mind.

On the surface, Nexia Home Intelligence looks like a keypad entry lock — and it is. But it also features technology that

allows you to use your smart phone or computer to remotely unlock your doors, monitor entry and change pass codes. You can even pair Nexia Home Intelligence with other household items like lights and appliances for additional security and convenience.

That's freedom. That's intelligence.
That's Nexia Home Intelligence.

OPTIONS

002CP-437, 160BRC

The Hinge Straps, Clavos and Speakeasy are options that can give your entryway an old world look. Combine these options with our Signet® Knotty Alder Series to achieve a rustic or antique style. Hinge Straps, Clavos and Speakeasy are constructed of durable flat black aluminum.

HINGE STRAPS Available on all door styles shown on opposite page

 Available as an Impact Shield product.

CLAVOS Available only on door styles shown with planks on opposite page (002CP-449, 002CP-437, 8' 002CP-449 and 8' 002CP-437)

 Available as an Impact Shield product.

SPEAKEASY Available on all door styles shown below except for 8' 002C-437 and 8' 002CP-437

NOT tested for Certified Wind Load or Impact Shield regions. (Doors with Speakeasy are not ENERGY STAR® certified.)

ProVia does not recommend entry doors with Speakeasy applications in the Northern climate zone. We also recognize some of the North-Central climate zone areas are not suitable for this application as well. We recommend this application to be used only in the South-Central and Southern climate zones. Speakeasy applications carry a 5-year limited warranty. See price book for more details.

3" Wide Brickmold
 Choose from our standard 2" brickmold or our wider 3" brickmold.

ALUMINUM **PRE-FIT CLADDING**

Cladding is worth the small investment. You can add cladding to any Full Wood or PermaTech™ Composite Frame.

- Protective
- Maintenance-free
- Stays beautiful
- Factory applied

TEXTURED CLADDING COLORS

Snow Mist	Café Cream	Chateau
Sandpiper Beige	Sandstone	Sterling Gray
Clay	Geneva Blue	Forest Green
Mountain Berry	Rustic Bronze	Tudor Brown
Coal Black	Oak	Cherry

TUFTEX **SMOOTH CLADDING** COLORS

Aluminum trim coil with mar-resistant smooth finish.

Snow Mist	Sandpiper Beige	Sandstone◊	Classic Bronze*
-----------	-----------------	------------	-----------------

◊ Smooth Sandstone cladding is a close match, but not an exact match to Sandstone paint color.

* Smooth Classic Bronze cladding does not match Rustic Bronze cladding color or Rustic Bronze paint color.

8' DOORS

8' Doors provide a majestic first impression. Choose from many available glass and door styles (shown on pgs. 34-93). Trilennium® multi-point hardware offers homeowners better door closure and sealing than a single point lock.

440BRC, 140BRC

Trilennium multi-point hardware is required on all 8' fiberglass doors. See pages 104-105 for more information on Trilennium hardware.

8' Doors

440FLO

FRENCH DOORS

460BRZ, 532DC-IGS

French doors make an elegant statement like nothing else. Express your personality by creating a simple yet striking entry. Make it as ornate and beautiful as you like.

- All door styles are available as a French Door
- Available with Full Wood Frame or Steel L-Frame
- Hinged on each end with door knobs in the center
- Available with either left or right active door (main entryway)
- Center astragal is attached to the inactive door and includes top and bottom slide bolts (used to open inactive door)
- Available as inswing or outswing
- Header security plate standard on Full Wood Frame
- Hardware Installation: locksets, deadbolts and kickplates will be installed on active and inactive doors, all other hardware on active door only
- Optional InVent™ Retractable Screens

ASTRAGAL DETAILS The French Door Astragal provides functionality and security

Astragal secures inactive door at top and bottom of your french door system

Lockable throw bolts improve security

Astragal bolt penetrates threshold allowing boot to seal, creating a better barrier against the elements

Astragal is stained to match Signet Fiberglass stained doors.

STYLES/CONFIGURATIONS All door styles are available as a French Door.

Cannot be mulled with Heritage Fiberglass doors in Certified Wind Load regions

UNEQUAL FRENCH DOORS

You now have the ability to utilize the larger entry door day-to-day, yet have the option to open the smaller, inactive door to gain full access.

Available in smooth steel only. Internal blind sizes are limited. See Price List for details.

DESIGNER™ HINGED PATIO DOOR

Designer Hinged Patio Doors are swinging patio door systems available in 2 or 3-lite units and constructed of the same solid quality Signet® and Heritage™ Fiberglass, and Legacy™ Woodgrain Textured or Smooth Steel doors as our entry door units.

IMPACT SHIELD AVAILABLE
See pgs. 167 for available door styles

Designer Patio Doors with Heritage Fiberglass
are NOT available in Certified Wind Load regions.

PATIO DOOR STANDARD FEATURES

A keyed Schlage® flair handleset with a Maximum Security thumbturn deadbolt is included. Choose from bright brass, antique brass, satin nickel or aged bronze finish. Optional Lifetime finishes available.

The lock area is reinforced with a 20-gauge steel security plate for added strength.

Spring-loaded latch system automatically engages upon closing. Latch also includes interior locking feature. BetterVue® fiberglass screen mesh is standard. Heavy-duty fiberglass, aluminum or SeeVue® stainless steel screen is optional.

Suspended by ball bearing rollers this top-hung heavy-duty aluminum screen frame reduces binding, creating effortless operation. Screen frames are available in all 16 paint colors.

Our Sahara™ heavy-duty extruded sill has a 1½" wide thermal barrier wood-like riser that will not rot or warp and is non-conductive. Available in Anodized Nickel finish or Anodized Bronze finish.

 Thresholds for Impact Shield rated Hinged Patio Doors have an oak-like riser and do not have composite base material

DOOR SWING

OPTIONS

Custom Widths and Heights - Need a little more height or a little less width? We are pleased to offer customized patio door widths and heights in 1/8" increments.

Door Swing - (Doors viewed from above. Inswing only)

Finishes - Patio doors are available in all finishes shown on pages 21-29.

Optional InVent™ Retractable Screen - See page 110.

VINYL SLIDING PATIO DOORS

Vinyl Sliding Patio Doors are tested against the most stringent industry standards for air and water infiltration, wind load resistance, ease of operation, forced entry and much more. This means you'll have lower heating and air-conditioning costs, easier cleaning, low maintenance and increased comfort.

IMPACT SHIELD AVAILABLE
See pgs. 167 for available door styles

LIFETIME LIMITED WARRANTY
Includes Glass Breakage & Seal Failure

Endure™ Patio Door

All Vinyl Sliding Patio Doors are ENERGY STAR® Certified

Suspended by ball bearing rollers this top-hung heavy duty aluminum screen frame with BetterVue® fiberglass mesh reduces binding, creating effortless operation.

Strong, multi-chamber profiles and 5 7/8" frame depth offer greater thermal efficiency and increased sound abatement. (Endure Patio Door frames have Neopor® insulation).

AccuVent™ is ProVia's proprietary design featuring a sash lever combined with a top mounted ratchet and lock system allowing multiple venting locations and peace of mind. Available in all patio door colors along with optional decorative finishes for sash lever.

AccuVent™ has a clean, sophisticated look with an ergonomic finger-tipped lever design for ease of use. AccuVent is standard for Endure, optional for Aspect and has a Lifetime Warranty.

Spring-loaded latch system automatically engages upon closing. Latch also includes interior locking feature. BetterVue® fiberglass mesh is standard; heavy-duty fiberglass, stainless steel or aluminum mesh is optional.

Galvanized steel reinforced panels ensure rigidity and stable operation.

Sill is reinforced with galvanized steel. Pair that with our patented water draining system, and the results are an efficient and durable base for our patio door.

Fixed and mobile panel rails meet and interlock perfectly, making removal from the outside virtually impossible. Lower sill design provides safer entry and exit.

The vent lock adds peace of mind when you want to leave the door open for ventilation yet keep would-be intruders out. Standard for Aspect, optional for Endure.

Patented sliding system features four adjustable 1" wheels per operating panel to ensure smooth, easy and quiet operation.

STORM DOORS

Every storm door is individually customized to the highest standards in the residential market for homeowners who appreciate impeccable, uncompromising quality.

All ProVia Storm Doors are available for use in the Impact Shield regions. While storm doors help protect your entry door from the elements, they are NOT wind-borne debris tested, and therefore are NOT considered an Impact Shield Product.

389 Self-Storing

Durable, oven-baked polyester finishes are backed by a Lifetime Warranty for lasting beauty and low maintenance.

Extruded aluminum frame adds beauty to your door by virtue of the rounded cove molding along the glass edge of the extrusion.

You'll appreciate the finished look of our **color matched aluminum installation screw covers**.

All our storm doors are constructed with **tempered safety glass**.

Non-operable sashes are secured by our **color matched polycarbonate clips** or an **internal sash lock system**. Varies by model.

Smooth function is essential. That's why we include a **quality door closer** in every storm door package. Varies by model.

Each door features **quality hardware** that adds beauty and functionality to your new storm door. Varies by model.

Our air release system features a continuous closing action without the delayed rebound action of previous generation closers.

Corrosion-proof corner gussets enhance the structural integrity of the door.

Our **bottom expander with sweep** allows for a beautiful custom-fit to any entry. Varies by model.

Storm Doors

STORM DOOR DETAILS

ENERGY STAR® Certified
Impact Shield Products.

ENTRY DOOR AND DESIGNER™ PATIO DOOR IMPACT SHIELD FEATURES

All glass for Impact Shield Products is laminated to provide protection against wind-borne debris.

Heavy-duty stainless steel hinges resist corrosion and are standard in wind-borne debris regions.

Aluminum window trim of our own exclusive design provides ultimate durability in the harshest of elements. Textured Steel doors have hand-stained smooth aluminum window trim.

VINYL SLIDING PATIO DOOR IMPACT SHIELD FEATURES

All glass for Impact Shield Products is laminated to provide protection against wind-borne debris.

Additional heavy aluminum interlock on center stile adds durability and strength.

STORM DOORS

All ProVia® storm doors are available for use in the Impact Shield regions. While storm doors help protect your entry door from the elements, they are NOT wind-borne debris tested, and therefore are NOT considered an Impact Shield Product.

WINDOWS

SIDING

STONE

“To serve, by caring for details in ways others won’t.” It’s not just our mission, but a way of letting our light shine every day at ProVia®. We continually strive to put these words into action by providing unmatched quality and service. The P-icon symbolizes each employee’s commitment to devoting the utmost care, pride and quality into each building product we manufacture...it’s The Professional Way.

At ProVia, we manufacture energy efficient products and exercise corporate environmental stewardship by recycling, reducing pollution emissions and much more. In fact, our company has received repeated awards from the Environmental Protection Agency such as Partner of the Year - Sustained Excellence for Door and Window Manufacturing.
